Happy New Year!

My name is Jennifer Cronk and I am the Technology Learning Facilitator for CCSD. I have had the pleasure of having many of you in my sessions and look forward to meeting even more of my colleagues in the future.

Need SMART Board Training?

I will be offering one (possibly two) SMART Board classes over the February break. A whole day training is ideal for everyone to have time to experiment.

Please ([Please click here](#)) can also be found on the CCSD Website under Staff > Software Support > Ed Tech Resources. I will continue to post new material for both teachers and students.

[The Ed Tech Interactive](#) group has been created, this group is open to any who would like to join. In this group we will discuss best practices in integration and collaborate on how to embed current technology to enhance instructional practice. All levels of tech from newbie to savvy are welcome.

But Wait! There's more!

I have digitized our pre-observation, observation and post-observations forms.

[Please click here to access the Observation Files Folder](#)

The new section to my site entitled "Teach My Students!" is for anyone who would like to teach their students how to use Google Docs. Please go through the presentation yourself first a couple days in advance to give me the opportunity to troubleshoot if needed
